

How to Apply for the Fast Charge California Project Window 2 (FCCP-2)

WEBINAR

September 30, 2026

Implemented by CSE for the
California Energy Commission

Introductions

Intro

Obrie Hostetter, CSE EVI Director

Moderator

Bailey Muller, CSE EVI Senior Program Manager

Speakers and Q&A Panelists

Bryan Cahoon, CSE EVI Senior Manager

Brian Noyes, CSE EVI Technical Project Manager

Brian Fauble, California Energy Commission
Agreement Manager

Agenda

- 1. Project overview & important updates**
- 2. Project timeline and deadlines**
- 3. Application overview and walkthrough**
- 4. Required documentation**
- 5. Choosing your equipment and network provider**
- 6. After the application**
- 7. Q&A**
- 8. Additional resources**

How to Submit Questions

Fast Charge California Project (FCCP-2)

\$27.6 M Funding Available

- Up to **100% of eligible costs**
- **Statewide** for qualifying sites
- **FCCP Window 2: Oct 7, 2026 – Jan 14, 2027**
- **First-come, first-served**
- **Construction starts no earlier than Oct 7, 2026**

Overview of Requirements

DAC/LIC or tribal territory applications **prioritized**

Ready to Build

(issued permit **and** final utility service design)

High power DC fast chargers **only**

Sites must be **publicly available**

Important Changes: Role Updates

Unified Program Participant will now be known as the Same Single Legal Entity

Controlled Affiliate Group

- If approved in writing by CSE, a parent company and one or more subsidiaries may participate as a Controlled Affiliate Group solely as a limited exception to the Same Single Legal Entity Rule. The Controlled Affiliate Group approval must identify the approved members, their respective roles, and the Responsible Program Participant.
- See Section A.2 on pg. 19 & 20 in the FCCP-2 Implementation Manual for all details on the controlled affiliate group exception.

Important Eligibility Reminders

Past Performance Review

Entities may be excluded due to:

- **Noncompliance** with laws or program requirements
- **Violations** of CALeVIP 2.0 or other programs
- **Unreasonable delays** or misconduct

Application Cap

- **No applicant organization can have more than 35%** of funding per funding window
- **No more than 50 active applications** across CALeVIP 2.0 and Communities in Charge
 - Active apps will also be calculated including used contractors

Concurrent CEC Funding Opportunities

- If the same site address is submitted to FCCP as well as any other CEC funding opportunity, including the National Electric Vehicle Infrastructure (NEVI) program, at the same time, **funding will be reserved for whichever program processes the site's application first.**

FCCP-2 Project Timeline

Oct. 7, 2026 - Jan. 14, 2027

Application Window

Oct. 7, 2026 – March 3, 2027

Funding Status
Notification

**90 Days After Funds
Reserved**

*Provide Proof Equipment
Ordered

**450 Days After Funds
Reserved**

Project Is Completed:
All Required Documents
Uploaded

Part 1: How to Apply

Before applying: Review all resources

Important Resource Updates

1. [FCCP Window 2 Implementation Manual](#)
2. [FCCP Window 2 Terms and Conditions](#)
3. [Site Verification Form](#)
4. [Site Verification Resource Guide](#)
5. [How to Apply Guide](#)
6. [FCCP Tiering Resource Guide](#)
7. [Equipment Eligibility Resource Guide](#)

Information Needed for Application

The Applicant, Incentive Recipient, and Charger Owner must be the Same Single Legal Entity

- **Application Manager:** org, contact, address, contact info
- **Incentive Recipient:** org, tax ID, address, contact info
- **Property Owner:** org, contact, contact info
- **Power Provider** for the site
- **Operations & Maintenance** responsible party
- **Contractor:** org, address, contact, contact info, CSLB
- **Installation Address**
- **Eligible Equipment:** model, set up, quantity
- **Network Provider** selected
- **ACH Payment:** bank info (if applicable)

App Section 1: Applicant

- Enter **Applicant Manager** details

Applicant Information

* Please select an option

- ☒ Applying on behalf of another organization
☐ Applying on behalf of my organization as the incentive recipient

Application Manager Information

The individual designated in the Application as the person responsible for managing all activities related to an active Application on behalf of the Applicant and Incentive Recipient. This individual can be a person in the employment of the Applicant or the Incentive Recipient.

* Organization Name ?

* Organization Type ?

* First Name

* Last Name

* Work Address

* City

* State

* Zip Code

* Email Address

* Confirm Email Address

* Phone Number

Cancel

Save and Exit

Save and Continue

* Organization Type ?

-None-

Government/Local agency

Municipality

Utility

Business

Non-profit - CBO

Non-profit - EJO

Non-profit - NGO

Non-profit - Faith based organization

EVSP - Installer/Electrician/Project Manager

EVSP - EVSE OEM

EVSP - Equipment distributor/reseller

EVSP - Engineering/consulting

EVSP - Network provider

EVSP - Auto OEM

EVSP - Transportation Network Company

Trust

Sole proprietorship

Tribal entity

University/College

School or School District (K-12)

App Section 2: Installation Site Details

Installation Details

Installation Site

Please enter the site address where charging equipment will be installed.

* Street Address

* City

* State

* Zip Code

* County

* Choose the main use of the installation site

Property Owner Information

* Property Owner Name

* Property Owner Type

* Contact First Name

* Contact Last Name

* Email Address

* Phone Number

Power Provider Information

Please enter information about the entity providing power to the site.

* Power Provider Name

Previous

Save and Exit

Save and Continue

- **Installation Site** = charger location
- **Main Site Use** = choose the best fit (see site definitions in the Implementation Manual)
- **Property Owner** = owner of the installation site
- **Power Provider** = delivers electricity to chargers

App Section 2: Installation Site Details – Additional Questions

Installation Details

Additional Questions

* Is the site on a Tribal Land?

- ☐ Yes
☐ No

* What is the type of installation project?

--None--

* Who will own the EV chargers?

* What is the EV chargers owner organization type?

Business

* What type of chargers will be installed?

--None--

* What is the name of the organization responsible for daily operations and maintenance of the chargers?

- Is the site on **Tribal Land**?
- **Installation type** (e.g., wall or pedestal)
- **Charger ownership** details (locked)
- **EV owner** org type (locked)
- **Charger type** being installed (DCFC)
 - A new dropdown will open to select if the chargers will be available 24/7/365 or not
- **Operations & Maintenance provider** organization name

- Contractor name, email, phone number and CSLB #

* Contractor Name

* Contractor Email

you@example.com

* Contractor Phone Number

* Contractor License #

Save and Exit

Save and Continue

Incentive Recipient Info:

- Must **incur & pay costs** to receive incentive
- Provide **recipient point of contact** (may differ from the application manager)
- Must be part of the same legal entity as the Applicant and Charger Owner

App Section 4: Incentive Recipient

Incentive Recipient

Payment Information

* Payment Method

Incentive Payment

Please provide banking details for ACH direct electronic payment of the incentive into your bank account.

* Account Type

* Bank Routing Number (or Wire Number) ?

* Re-Enter Bank Routing Number (or Wire Number)

* Bank Account Number ?

* Re-Enter Bank Account Number

Previous

Save and Exit

Save and Continue

Incentive Recipient Info:

Select **preferred payment method**

App Section 5: Required Documents

The screenshot shows a progress bar at the top with seven steps: Applicant, Installation Details, Equipment, Incentive Recipient, Required Documents (highlighted), Terms & Conditions, and Review & Submit. Below the progress bar, the 'Required Documents' section is titled. Under 'Document Upload', it states: 'Acceptable file formats include JPG, JPEG, PNG, DOC, DOCX or PDF. Documents must be 10 MB or less.' There are three rows of document requirements, each with an 'Upload Document' button and a 'View Sample Document' link:

Document Type	Upload Document	View Sample Document
Issued Permit ?	Upload Document	View Sample Document
Final Utility Design ?	Upload Document	View Sample Document
Site Verification Form (FCCP) ?	Upload Document	View Sample Document

At the bottom, there are three buttons: 'Previous', 'Save and Exit', and 'Save and Continue'.

Required at Time of Application

- Issued Permit
- Final Utility Service Design
- Site Verification Form (updated)

We'll review these later in the presentation.

App Section 6: Terms and Conditions

Terms and Conditions

The **FCCP-2 Terms and Conditions** for FCCP-2 can be downloaded at the link below. You must read and accept the program terms and conditions and the documents referred to in it before continuing to the next page.

FCCP-2 Terms and Conditions:

[Fast Charge California Project 2 Terms and Conditions V.1](#)

Latest update: 9/24/2026, 12:00 AM

☐ * By checking this box I signify that:

1. I have read and agree to be bound by the **FCCP-2 Terms and Conditions** (including any provisions incorporated by reference), which have been made available to me via the link on this page;
2. I represent and warrant that the **Property Owner(s)**, **Site Owner(s)**, **Applicant(s)**, **Incentive Recipient(s)**, and **Collaborator(s)** have each expressly authorized me to check the box on behalf of each of them and, in so doing, signify the agreement of each of them to be bound by the **FCCP-2 Terms and Conditions** (including any provisions incorporated by reference), which have been made available to me via the link on this page. I further represent and warrant that the application complies with the FCCP-2 Same Single Legal Entity requirements or otherwise qualifies under the controlled Affiliate Group Provision set forth in the **FCCP-2 Terms and Conditions**.
3. I understand, and the **Property Owner(s)**, **Site Owner(s)**, **Applicant(s)**, **Incentive Recipient(s)** and any **Collaborator(s)** each understand, that agreement to be bound by the **FCCP-2 Terms and Conditions** (including any provisions incorporated by reference), which have been made available to me via the link on this page, and compliance with the FCCP-2 Same Single Legal Entity requirements (or qualification under the controlled Affiliate Group exception, as applicable), are required for, and conditions precedent to, eligibility to participate in **FCCP-2**.

Previous

Save and Exit

Save and Continue

- Download & review the applicable Terms and Conditions
- Confirm you've read and accepted
- Acknowledgement includes:
 - Applicant
 - Incentive Recipient
 - Property Owner
 - Site Owner
 - Collaborators

App Section 7: Review and Submit

Application Submitted

- **No edits** after submission—**triple check** before submitting
- Use Application Assistance for feedback before you apply
- Questions? Email calevip@energycenter.org
- **Do not submit duplicates** or incomplete applications (must include final permit & utility design)

Application Review Process

- **Grouped by Type:**
 1. **Priority** = DAC, Low-Income, or Tribal Land sites.
 2. **Non-Priority** = All others
- **Review Order:**
 - Priority apps reviewed **first**, by submission time
 - Non-Priority apps reviewed **after**, also by submission time
- **Review Timeline:**

CALeVIP aims to review within **1 week**, but timing may vary based on volume and priority

Part 2: Required Documents

Best Practices

Make sure documents are:

- **Dated & signed** (if applicable)
- **Fully completed** (no blanks or handwritten edits)
- Match **application & Site Verification Form** info (address, incentive recipient name, property owner)
- Include **relevant application numbers**
- **Clean, legible scans** (no cut-offs or poor photos)
- **Verifiable** by CALeVIP

 Incomplete or placeholder documents = ineligible for FCCP funding

Required at Submission

- Site Verification Form
(new version, signed by all parties)
- **Ready to Build Requirements**
 - Issued Permit
 - **Final Utility Service Design**
 - Or a letter from the utility stating that no new or upgraded service is necessary for the Proposed Installation

Site Verification Form

Site Verification Form (SVF)

- **Required** for every FCCP-2 application
- Identifies the **Property Owner**
- Confirms **Applicant is authorized** to install EV infrastructure
- Must be **signed by all required parties** before uploading

Site Verification Form (SVF)

Application Number:

Installation Site Street Address:

City:

State:

ZIP Code:

Site Verification Form (SVF)

SECTION A: Same Single Legal Entity Required Signatures

All Applicants must complete the following section with all applicable signatures complete. For applicants applying under the Controlled Affiliate Group Exception, please complete Section B.

SAME SINGLE LEGAL ENTITY

The same single legal entity must match the Applicant name entered on the application.

Same Single Legal Entity:

Email: Phone:

Signature:

Printed Name:

Please clearly write the first and last name of the person signing above.

Title: Date:

SITE OWNER (Lessee with authorization from Property Owner for the installation)

The Site Owner Name below must match the Site Owner Name entered on the Application. If Site Owner is not authorized under the terms of its lease to carry out the Proposed Installation, Site Owner must obtain Property Owner's signature hereinbelow.

Site Owner:

Email: Phone:

Signature:

Printed Name:

Please clearly write the first and last name of the person signing above.

Title: Date:

IF APPLICABLE: Property Owner (Landlord of Installation Site)

Property Owner:

Email: Phone:

Signature:

Printed Name:

Please clearly write the first and last name of the person signing above.

Title: Date:

Site Verification Form (SVF)

SECTION B (IF APPLICABLE):

Signatures Required Under the Controlled Affiliate Group Exception

This section must only be completed for applicants that are applying under the Controlled Affiliate Group Exception.

APPLICANT

Applicant Organization: _____

Email: _____ Phone: _____

Signature: _____

Printed Name: _____

Please clearly write the first and last name of the person signing above.

Title: _____ Date: _____

INCENTIVE RECIPIENT

Incentive Recipient: _____

Email: _____ Phone: _____

Signature: _____

Printed Name: _____

Please clearly write the first and last name of the person signing above.

Title: _____ Date: _____

CHARGER OWNER

Charger Owner: _____

Email: _____ Phone: _____

Signature: _____

Printed Name: _____

Please clearly write the first and last name of the person signing above.

Title: _____ Date: _____

(SECTION B SIGNATURE BLOCKS CONTINUED ON NEXT PAGE)

SITE OWNER (Lessee with authorization from Property Owner for the installation)

If Site Owner is not authorized under the terms of its lease to carry out the Proposed Installation, Site Owner must obtain Property Owner's signature hereinbelow.

Site Owner: _____

Email: _____ Phone: _____

Signature: _____

Printed Name: _____

Please clearly write the first and last name of the person signing above.

Title: _____ Date: _____

PROPERTY OWNER (Landlord of Installation Site)

Property Owner: _____

Email: _____ Phone: _____

Signature: _____

Printed Name: _____

Please clearly write the first and last name of the person signing above.

Title: _____ Date: _____

Completing the SVF

To complete the SVF's "Application Number" field:

Application Number:

Installation Site Street Address:

City: State: ZIP Code:

Begin an application, and click "save and exit"

Your dashboard will display that application's "Application ID" that begins with "FCCP2"

Completing the SVF

Site Verification Form Checklist

- Installation address matches the application
- Same Single Legal Entity/Controlled Affiliate Group matches the information entered on the FCCP application
- All required fields completed
- No handwritten edits
- Clear, legible scans/photos
- Signed & dated by all required parties

Ready-to-Build = Issued Permit and
Final Utility Service Design

Issued Permit Requirements

- Official permit from **Authority Having Jurisdiction (AHJ)**
- Must show **installation address**
- Must identify applicant, organization, and/or property owner name (Must match application)
- Must include number of **DC fast chargers (DCFCs)** to be installed
- Lists date the permit was issued

Example Permit

AHJ
Branding

Planning & Development Department
Building and Safety Division
Building Section
Fax Inspection

Application Number _____ Date 01/27/23
Property Address **Installation Address**
Accessor's Parcel Number _____
Tract Lot _____
Tenant _____
Property Use _____
Property Zoning _____
Application Value _____

Owner

Contractor

Organization Name

Structure Information
Construction Type _____
Occupancy Type _____

Other Structure Info

Number of Structures	0	Total Square Footage	0
Number of Stories	0	Living Square Footage	N/A
Number of Bedrooms	N/A	Code Year	2019
Number of Units	N/A	Application Accepted By	JS

Permit Commercial

Additional Description **Installation of 3 EV Charging stations and new dedicated electrical service in existing retail parking lot.**

Issue Date 01/27/23

Expiration Date 07/26/23

Special Notes and Comments

N/A

Unique Permitting Scenarios

Self-Permitting Jurisdictions

If applicable, submit:

- **Signed cover letter** from jurisdiction rep including:
 - Description of self-permitting authority
 - Type & number of **approved DCFCs**
 - Confirmation of compliance with laws, codes, and regs
- **Copy of plan set**

Final Utility Service Design Requirements

- Final design for new or upgraded utility service
- Approved by the utility
- Includes **utility logo/seal**, or other utility-issued identifier, site address, signatures
- States design is **final** and **meets/exceeds minimum site output capacity**
- Lists number of **DCFCs** to be installed

If no upgrade needed:

Provide an **official utility letter** confirming service meets minimum site output

Flexible Connection Programs: Final Utility Service Design

If the utility **cannot meet FCCP-2 minimum output AND** the project will use a flexible connection program (e.g., **PG&E's Flex Connect**):

- Applicant must **notify CSE** at least **15 business days before applying**
- Email: calevip@energycenter.org
- Additional utility documentation will be required

**Applies only if utility cannot currently meet required capacity*

***Project must participate in an established flexible connection program*

****Applicant/site host required to post signage noting participation in a utility flexible connection program and potential for reduced charging power*

Choosing Equipment

- Use the [CALeVIP Eligible Equipment Dashboard](#)
- Confirm the exact model and configuration
- **Minimum 150 kW** guaranteed output **per charging port**
- FCCP-2 requires **at least 50% CCS** charging ports
- **CCS/J3400** are eligible; CHAdeMO not eligible for incentive
- Replacement DCFC installations are not eligible

Choosing Network Providers

- Use a [CALeVIP-eligible Charging Network Provider](#) (CNP)
- Network agreement required for **at least six years**
- Network must support remote diagnostics, utilization data, and reporting
- CNP must have an executed Data Sharing Agreement (DSA) directly with the CEC to be eligible for FCCP2
- CNP **must support AB 2061** data and reliability requirements
- Check the list before purchasing network service as the list of eligible CNPs has changed
- For questions, reach out to ZEVDataReporting@energy.ca.gov

Application Assistance

Application Assistance is available!

August 18, 2026 - May 27, 2027

Support available for

- Any remaining eligibility questions
- Understanding equipment requirements
- Reviewing tiering documentation
- Pre-review of applications
- Site eligibility questions

Form

Part 3: After the Application

Post-Application Documents and Submittals

Construction Progress Tracker:

- **Register** within **5 days** of receiving invite
- Submit **monthly progress updates**

Checkpoint Milestone:

Within 90 days after Funds Reserved: Submit official **equipment order** (chargers, cabinets, switchgear, etc.) - must list Same Single Legal Entity as purchaser

Final Verification:

Within 450 days after Funds Reserved: Submit Documents for Final Verification

- Complete **Installation Data Form**
- Return **supplemental applicant data survey**

**Missed deadlines may result in cancellation*

Construction Progress Tracker

- Log in through secure CPT portal
- View your assigned project(s)
- Select **Project ID**
- Review project stages and tasks
- Report **start dates, expected completion dates, and actual completion dates** for each task within your project.
- Mark your tasks as **complete** or **report a delay** at least monthly (required) or as they occur (recommended)
- Reach out to us at cptadmin@energycenter.org if you need assistance with logging in or updating your projects in CPT

6. Describe Delay

Post-Application Documents and Submittals

Final Verification (Due within 450 Days)

- **EVITP Affidavit** signed
- **Invoice Form** (project costs via dashboard)
- Paid invoices: **design, equipment, installation**
- **Network Agreement** form or signed contract
- **Final inspection card** with sign-off
- Proof of **Commissioning documents**
- **Photos** of operational chargers on-site
- Proof of submission to **AFDC Station Locator**
- Email **attestation**: DCFCs are installed, powered on, commissioned & publicly available
- Submit **Installation Data Form with Serial Numbers of equipment**
- Attest to **incentive stacking compliance**
- Submittal of **supplemental data survey**

Common Mistakes to Avoid

SUBMITTAL REMINDERS:

- Do not submit applications unless fully completed
- Applications cannot be adjusted after submittal
- If project requirements are not met, your application will be ineligible
- Must have an issued permit and a final utility design
- When in doubt, reach out for application assistance – we are here to help!
